* The % Daily Value (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

* Le % de la valeur quotidienne (VQ) vous indique combien un élément nutritif dans une portion de nourriture contribue à un régime quotidien. 2,000 calories par jour sont utilisées pour des conseils nutritionnels généraux.

INGREDIENTS:

Triple Mushroom blend (Reishi powder, Cordyceps Powder, Lion's Mane Powder), and South American Blend Coffee

WHAT IS IT?

Organo™ ROYAL Gourmet Black Coffee contains our exclusive and powerful Triple Mushroom Blend to give you a healthy start to your day! This unique and health supporting mushroom blend is grown on a certified organic farm in the USA. Grown on purple corn, it can provide more antioxidants than other mushrooms!

With rich and robust flavor packed into each cup, this coffee provides healthy nutrients and antioxidants found in coffee, naturally! Smooth yet bold flavor is enhanced with the benefits of the Triple Mushroom blend of Reishi (Ganoderma), Cordyceps, and Lion's Mane. Its smooth flavor is a delicious way to boost your day, with healthy energy and performance.

FEATURES & BENEFITS:

Exclusive Triple Mushroom Blend. No other company has this unique blend of three of the most famous mushrooms in history! Combined with a robust and flavorful South American coffee, this has premium taste and benefits not found in ordinary coffee.

The Triple Mushroom Blend is

- Certified Organic
- Vegan
- Gluten Free
- Non-GMO
- Pesticide Free
- Non-Irradiated
- BSE/TSE Free
- Melamine free
- Residual Solvent Free
- Grown in the USA on a multi-patented, Fermentation & Cultivation processes
- Regenerative farming – for consistency and quality
- Grown on exclusive, non -GMO purple corn for more, naturally occurring antioxidants

And combined with premium South American coffee!

This complete and ready to go, instant coffee blend mixes easily into hot water for a refreshing, energizing pick me up. No added sugar or creamer, so you can customize however you like.

WHAT DOES IT DO?

Smooth, healthy energy on the go – with added Triple Mushroom blend for powerful health support. Sustained energy. Healthy benefits.

KEY INGREDIENTS

Coffee from Colombia and Brazil – known for its high quality and flavor. Organo™ uses a mild, easy to mix instant coffee that is smooth and flavorful with hints of chocolate and spice undertones, and creamy, lightly sweet flavor. Portable and convenient to carry, for on the go instant coffee benefits.

Ganoderma – also known as the red Reishi mushroom, this mild flavor adds a note of depth to the coffee flavor, and brings its own benefits. Ganoderma mushrooms provide triterpenoids, and amino acids. Ganoderma mushrooms are 'adaptogens'.

Ganoderma has been used in traditional Asian medicine for thousands of years. The name Ganoderma means "spiritual potency", while the Japanese name Reishi can be translated as "King of Herbs".

Cordyceps – used for over 200 years, this 'adaptogenic' form of mushroom has been trusted by athletes to support energy, performance and endurance. It is thought to promote anti-aging too, helping us to live healthier.

Lion's Mane – one of the most popular mushrooms globally, in the coffee blend it can help support healthy energy and focus in the brain.

DID YOU KNOW?

Reishi – has been nicknamed the mushroom of immortality, for its use for hundreds of years to support health.

Cordyceps - is considered a 'super mushroom' and became popular about 30 years ago, when it was discovered being used by Olympic Athletes for energy and performance-enhancing benefits.

Lion's Mane – is one of the more interesting looking types of mushrooms out there! In place of the traditional mushroom cap is a large clump of 'teeth' or 'beard' like looking spine structures. They're considered by many to be a gourmet food, with a wonderfully chewy texture and taste with a hint of sweetness. It is being studied for many benefits for a healthy brain.

Coffee - has many benefits. It has been studied due to its antioxidant and nutrient profiles. What's even better, a study shows that instant coffee can be higher in antioxidants compared to other brew methods!

Coffee contains:

Chlorogenic acid, an antioxidant compound that is the major phenol in coffee.

Quinic acid is an antioxidant/phytochemical that contributes to the acidic taste of coffee. It is also found in apples, peaches, and other plants/foods.

Cafestol – is an ingredient that is lower in instant coffee than in French Press coffee.

HOW DO I USE ORGANO™ GOURMET ROYAL BLACK COFFEE?

Empty 1 sachet into your favorite cup, fill with hot water, stir and enjoy!

Can also be mixed, and then cooled and served with ice for a cool coffee treat.

Organo™ Gourmet ROYAL Black Coffee can give you instant benefits, and also provide Ganoderma benefits.

WHERE IS ROYAL BLACK COFFEE MADE?

From Western Canada's largest full-service contract manufacturer in the nutraceutical industry.

Health Canada licensed

GMP manufacturer of Canadian, U.S., and International brands.

WHERE DO OUR TRIPLE BLEND MUSHROOMS COME FROM?

Our proprietary Triple mushroom blend is grown on a certified organic farm in the USA.

The farm is the global leader of USA-grown, certified organic fermented mushroom nutraceutical powders. With indoor growing operation in the middle of a 4,000 acre regenerative, certified organic farm. Simulates natural growing process and is protected from the elements to ensure consistent crop year-round.

The mushrooms are cultivated on superfoods-based, patented fermentation and growing process using a High Antioxidant (anthocyanins) substrate - Purple Corn. This results in greater nutritive value and a natural expression of micronutrients. Other mushroom powders grow on inert, low to non-nutritive substrates like rice or sawdust.

FDA registered, cGMP & certified organic manufacturer
